

Remarks

By the foregoing Amendment, the specification is amended per the Examiner's comments and claim 19 is amended. Applicant respectfully submits that no new matter was added by the amendment and is fully supported by the specification. Entry of the Amendment and favorable consideration thereof is earnestly requested.

The Examiner has rejected claim 19 under 35 U.S.C. §112, first paragraph, as failing to comply with the written description requirement. Applicant has accordingly amended claim 19 to include "the temperature of the ceramic workpiece not being elevated above room temperature" as noted by the Examiner.

It is respectfully submitted that claims 1-19 all of the claims remaining in the application, are in order for allowance, and early notice to that effect is respectfully requested.

Respectfully submitted,
